Unduh SkyTeam App untuk mengakses Spawn next to a huge mushroom biome Seed: - Mushroom biomes can be tough to find (unless you're one of those creative mode cheats with your flying super powers).. Grab some quick loot, and use the shelter for the night if you need to Spawn next to a surface skeleton dungeon Seed: - This skeleton dungeon isn't immediately visible -- you'll have to do a little bit of excavation to expose the chests and the entrance (this screenshot, obviously, is from my post-excavation).. So for me, the best Minecraft seeds are the ones that put something cool and interesting right in front of me when I spawn.

well not a whole lot of fun This seed makes it more better, though, since you start out right next to a jungle temple.. This Minecraft seed will spawn you right in front of a huge mushroom biome -- and it's absolutely massive.
